## **Timothy P. Maher**

### **Areas of Specialization:**

Mr. Maher provides consultation, design and development services for the creation of communication tools. These technical, medical and engineering-based tools are used in courtroom trials as demonstrative evidence and for technical education and training programs. These tools consist of video, print, video graphics and interactive multimedia productions.

### **Credentials:**

### **Employment History:**

1994 - Present

Wolf Technical Services, Inc., Indianapolis, Indiana.

Consultation with clients to determine needs and effective solutions. Design and development of technical, medical and engineering-based productions using three dimensional modeling, rendering and animation, CAD, graphics, multimedia and digital video software. Outputting productions to videotape, CD-ROM, DVD, web sites and posterboards using digital video, graphics, multimedia, DVD and CD-ROM hardware and software. Video production and editing. Research and development of computer and video hardware and software systems. Management of projects related to productions described above.

1987 - 2001

TSI Thermo-Scan Energy Management Corporation, Carmel, Indiana.

Development of traditional manuals and interactive multimedia training productions using interactive authoring, CAD, and graphics software. Creation of technical reports and marketing materials using CAD, graphics, word processing, spreadsheet, database and specialized software.

1982 - 1987

Tele-Communications, Inc., Indiana, West Virginia, Missouri & Montana.

Marketing, training, and special project positions in the cable television industry.
